This statement was made by Evelyn Neabit Thaw today when informed of the decision against her husband. "I know a way in which he can obtain his freedom. I have been giving the matter much consideration and I discovered a way. Once I took the stand and fought for him. I fought Jerome and all the rest of them. The whole world knows how I fought, and what is more, I fought a winning battle."

THAW'S SECRETARY SAYS HE WON'T BE INTERVIEWED

BOSTON, Dec. II .- A futile attempt was made to get Harry K. Thaw on the tele-phone in New Hampshire today when the decision of the United States Su-preme Court became known. Thaw's secretary declared over the telephone that Thaw had nothing to say regarding the matter and that anything made public would be given out by Mr. Knox, Thaw's counsel, who is in Washington.

FIGHT TO RELEASE THAW COST NEARLY \$1,000,000

"Thaw case" is probably the mos-The "Thaw case is probably the most noted in American criminal law history. Thaw shot and killed Stanford White, fameus architect, on Madison Square roof garden, June 25, 1996. His first trial began January 23, 1997. It was interrupted by a decision to have a lunary commission examine the murderer. The commission reported that Thaw was same.

Evelyn Nesbit Thaw, wife of the accused, had told her startling story in the attempt to prove that White had ruined her life and that the account she gave Thaw of White's actions had made him the victim of an obsession that he must kill the architect. Thaw's trial re-

suited in a disagreement.

The second trial was begun January 5.
1998. Again the "unwritten law plea" was advanced, on the ground that Thaw was temporarily insane when he killed the man. Thaw was acquitted February I, on the ground that when he fired the fatal shot he was insane. He was imfatal shot he was insane. He was im-mediately committed to Matteawan. BOARD OF TRADE INDORSES TAYLOR'S TRANSIT PLAN

Resolution Strongly Commends Move for High-speed System.

Endorsement of A. Merritt Taylor's plans to give Philadelphia a high-speed transit system was given by the Board of Trade at its regular monthly meeting held this afternoon in the Bourse Build-ing. The defeat of the Costello ordinance was also urged.

The Board of Trade passed resolutions stating that they were in hearty accord with the plans of the Director of Transit which are lavored by a majority of both Select and Common Councilmen.

Resolutions pledging their co-operation with Councils to get better fire apparatus recommended by J. H. Howland, of the fire prevention committee of the National Fire Underwriters. An investigation by the Board of Trade, made two months ago, disclosed the astonishing fact that 40 per cent. of the fire home in service in this city was unfit for uswhile 10 per cent. of the fire apparatus was absolute. The action of the Interstate Commerce

Commission in granting the Eastern rail-roads the 5 per cent, increase on freight rates was also commended in resolutions adopted by the organization.

The board tabled a letter received recently from Representative A. T. Gardner, of Massachusetts, requesting its committee to write letters to the repre-sentatives from Pennsylvania in the House and Senate urging their favorable action on a bill providing for a national security committee to investigate the pre-paredness of the United States for war.
